Holiday Wishes 72" x 84"

Mistletoe 60" x 74"

Boxes of Joy 79" x 87"

For Joyful Gatherings, I decided to reach back to memories of Christmas past, to the feeling you get when you start hearing carols play and smelling the scent of pine trees indoors; when the days of December seemed as long as a Christmas wish list and the world waited in anticipation together. Though the delicate patterns in this line are inspired by antique fabrics that have long since faded with time, we have recolored these vintage designs with hues of green, red and cream to evoke a bright and modern merriment you can turn into quilts that will help you make new Christmas memories for years to come.
