Pips is a reflection of the carefree days of childhood. A time where happiness can be absolute and anything feels possible. You may recognise a few familiar prints from my first ever line for Moda - Sherbet Pips. These are mixed with some fun and highly useable new co-ordinates; All delivered in a fresh rainbow palette inspired by a box of coloring pencils. Expect girls on swings, wandering hedgehogs, kids racing on scooters (accompanied by bouncing dogs) and more. Printed on a lighter cotton shirting that works perfectly for quilts, clothing or small projects. These colorful prints are sure to bring out the playful side of your creative imagination.
