SUPERBLOOM IS A SISTER COLLECTION to Wild Blossoms, with a new ombre width-of-fabric print. This time, there is a light, delicate colorway of the print to contrast the deep jewel-toned version. Pick your favorite or use them together! Both the light and dark version coordinate with poppies (in a nod to my FIRST collection with Moda, Poppy Mae), a fun print of pitchers as vases, daisies, butterflies, a scribble stripe, posy party watercolor flowers and 8 Dotty Thatched colors.

The quilt projects for this group show numerous ways to use the WOF prints. A charm pack table runner, "Centerpieced," makes small 3" blocks with the colorful floral borders on each side. "Gathering Wildflowers" uses FQ or 1/4 yard cuts to make sweet flower blocks that lineup between the panels. "Fiona's Daisy Chain" is an Irish Chain quilt with a twist of the large squares using the wildflower print. And a modern quilt uses a jelly roll with the panels to make "Turn Signal" and lead your eye between dark and light sides.
